EDS will be reprocessing claims for some crown and space maintainer procedure codes on the January 20th checkwrite. The claims from 2004/2005 were paid in error and will be recouped.

In order for these claims to be reconsidered for payment, you will need to request an administrative review from Medicaid. The address for the administrative review is:

Alabama Medicaid Agency
Dental Program
PO Box 5624
Montgomery, AL 36103-5624

For the **crown** procedures, a periapical x-ray **showing the crown seated** must be sent in for review.

For the **space maintainers**, you must provide documentation that the extraction was done within 180 days of the placement of the space maintainer.

With the appropriate documentation, you must also include a claim filled out correctly so that the claim can be sent for processing. **DO NOT** send these claims to EDS for review or they will be denied.

For questions, call 334-353-5959 or 242-5472.
